

KAMY DEMANDS

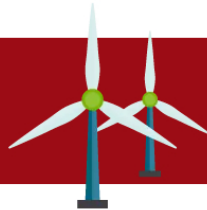

BM

Mandarin

English

Muat turun

Members of the Parliament and Ministers to treat climate change as a CRISIS and declare a "state of emergency"

A just transition towards a low carbon, resilient and sustainable economy

Stricter Environmental Regulations and effective enforcement

Access to data transparency, urging accountability and integrity in all levels of the Government

Prioritise adaptations centred on the ecosystem and natural environment to combat the effects of climate change

Adopt a sustainable system of land usage which prioritises the environment and people. (People and Environment before Profit)

Justice for the Orang Asli in matters relating to land rights based on the principles of Free Prior Informed Consent (FPIC)

Increase of climate literacy in Malaysia

Sustainability and climate resilience as a precondition of new infrastructure and development projects
